

INDOOR PERFORMANCE FABRIC

Genovelle Performance Velvet – Biscuit

Genovelle Performance Velvet in Biscuit brings the depth and softness of a classic velvet to hardworking interiors. Its lustrous directional pile gives the color exceptional richness, while Ease Eco Performance technology improves liquid resistance, stain resistance and everyday cleanability.

With a dense, softly tailored pile and elegant drape, it is suitable for upholstery, drapery and soft furnishings.

Available in a palette of versatile colourways, Genovelle Performance Velvet can be used as a tonal companion to patterned wallpapers or as a confident expression of color in its own right. Part of the Indoor Performance Fabrics family.

INTENDED USE	Upholstery, drapery and soft furnishings
WIDTH	56.25□ / 143 cm
COMPOSITION	82% polyester / 18% rayon

Specifications

GENOVELLE PERFORMANCE VELVET

Genovelle Performance Velvet brings the depth and softness of a classic velvet to hardworking interiors. Its lustrous directional pile gives every colour exceptional richness, while Ease Eco Performance technology improves liquid resistance, stain resistance and everyday cleanability. With 105,000 double rubs, Genovelle is suited to residential and contract upholstery as well as full-length drapery. Cut all pieces in one direction so the pile and colour read consistently across the finished scheme.
