Andy Fabric

Andy is a floral fabric featuring a contemporary scattered bouquet of flowers that apropos the work of Andy Warhol in punchy brights and moody gem tones. Breathing new life into the clichéd floral subject matter of the more serious still life approach, Andy is a nod to psychedelic fields, art from a childish perspective and the playful cartoonist style of art movements and colour palettes from the 1960's.

SPECIAL NOTES

Our fabric is sold by the vertical metre.

We offer samples for all of our fabrics. Samples are A4 in size (21cm × 29.5cm) to show color and quality. We highly recommend purchasing a sample first to check colors. Please note our samples are pre-cut and intended for color matching purposes, so while they will contain all the colors of the pattern, they may not include full elements of the pattern.

Please note the vertical and horizontal repeats of the various patterns when calculating how many metres you'll need for your project. We recommend overestimating so you don't run out. All Milton & King fabrics are digitally printed on demand and, as a result, color variations may occur from batch to batch. Colors will also vary depending on the selected base cloth so please request a sample for a true representation. Trimming is available on request and at an additional cost.
