Dashwood Removable Wallpaper

Welcome to the enchanted world of the Dashwood Removable Wallpaper. Stealing away through the botanical maze you emerge into a secret garden scented with the spice of honeysuckle and the musk of roses caught on the breeze. Through leafy windows in the hedges you can glimpse a lake crossing a meadow and on through the dark shadows of the lichen filled wood. Dashwood's creeping tendrils and wildflower bouquets evoke the sound of bees, the perfume of passionfruit vines and the serene peace of lavender. Butterflies and dragonflies catch updrafts as you enjoy the sun dancing on your eyelids and drift into a lazy springtime slumber. A beautiful floral removable wallpaper that is perfect for renters.

How to determine the number of wallpaper panels you need

1. Measure your walls – make sure you have an accurate measurement in inches of height and width of the portion of the wall you'll be covering. Sometimes it helps to draw a rough sketch to use while you do your calculations.
 2. Determine the number of panels you'll need across your wall. Our removable wallpaper panels are all 24" wide. Once you have the width of your wall in inches, take the width and divide by 24. This will give you the number of tiles that you will need horizontally. Remember to always round up!
