

Holy Kereru Fabric

The New Zealand Kereru (wood pigeon) is characterized by a large white belly and iridescent green-blue feathers. Surrounded by delicate vines and flowers, this fabric captures the peace and harmony that the stunning creature symbolizes. Due to their kind and nurturing nature, the Kereru is also a strong symbol of motherhood, and can represent the love and connection you have with your family and children.

Available in five colourways, the Holy Kereru fabric is suitable for cushions, accessories, curtains, bedding, bed runners and more.

SPECIAL NOTES

Our fabric is sold by the vertical metre.

We offer samples for all of our fabrics. Samples are A4 in size (21cm × 29.5cm) to show color and quality. We highly recommend purchasing a sample first to check colors. Please note our samples are pre-cut and intended for color matching purposes, so while they will contain all the colors of the pattern, they may not include full elements of the pattern.

Please note the vertical and horizontal repeats of the various patterns when calculating how many metres you'll need for your project. We recommend overestimating so you don't run out. All Milton & King fabrics are digitally printed on demand and, as a result, color variations may occur from batch to batch. Colors will also vary depending on the selected base cloth so please request a sample for a true representation. Trimming is available on request and at an additional cost.
