SHIBORI

Shibori Star Wallpaper

Made to order. Ships in 3-4 days.

This wonderfully natural and loose looking geometric was created by manipulating the two-dimensional cloth surface into three-dimensional shapes before compressing them to dye. Itajime shibori is a shaped-resist technique, traditionally, the cloth is sandwiched between two pieces of wood, which are held in place with string.

SHIBORI

Welcome to the Exclusive wallpaper collection from Sydney studio Shibori, created by Pepa Martin and Karen Davis. A boutique textile agency, renowned for pushing the boundaries of this ancient Japanese craft. By exploring and modernizing old techniques on modern fabrics the pair injects a strong design element into their work making an old craft new again.

Shibori is a Japanese dyeing technique that typically involves folding, twisting or bunching cloth and binding it, then dyeing it in indigo. A very vast technique and there are tons of ways to do it (and a truly infinite number of patterns you can create). This luxurious designer wallpaper collection of rich indigo hues mixed with beautiful patterns are simply irresistible.

Their beautiful line of Shibori wallpapers brings a rich hand-dyed feel to walls and adds a huge dose of deep color. From the simple stripes available in indigo, grey, pink and green, to the intricate, natural geometric shapes of the stars and diamonds.

The subtle fabric texture creates a layered and cosy feel that is achieved through the hand crafted nature of the collection. A simply stunning collection of designer wallpapers that are the perfect fit for bathrooms, bedrooms, hallways and anywhere else that your heart desires.

ADDITIONAL INFORMATION

Non-woven wallpaper advantages

The most user-friendly wallpaper on the market.

FSC Certified – Sourced from FSC Certified Forests and printed with water-based ink. Non-wovens are earth friendly, and totally 100% vinyl-free.

Fire rated – Our wallpaper has obtained a Class A / Group 1 Fire rating. Meaning they are ideal for both commercial and domestic applications.

Breathable – Nonwoven wallpapers are breathable, helping them endure mould and mildew conditions. Thus, perfect to decorate bathrooms, kitchens and laundries.

Paste-The-Wall – Made from both natural and non-porous synthetic fibres. These non-woven wallpapers will not absorb moisture from the adhesive. Simply apply the paste directly to the wall. The paper will not expand or contract with no booking time required.

Butt Join – Also known as a butted seam. The wallpaper rolls are finished precisely to have no overlap. Meaning the panels simply butt up to each other for ease of installation.

Cleanable – Dirt, dust and other marks can be simply cleaned using a damp cloth with soapy water.

Durable – Non-woven wallpapers are also hard wearing and tear-resistant. This is a great advantage as the wallpapers will not get torn during installation or removal.

Easy to Remove – Once completely dry, non-woven wallpapers will come off easily. It should come down in full sheets with no need for the dreaded steamer or water. Without causing any damage to the walls upon their removal

Roll Size – 24” wide x 33’ long. Our rolls are the equivalent to a US double roll providing 65 square feet per roll.
