Vintage Drawers Wallpaper

The designer wallpaper created especially for those looking to bring a vintage theme into their home or commercial location. Vintage Drawers is an inspired design which lends itself particularly well to the vintage industrial look. Who knows what those beautiful, battered drawers contain, and the most frustrating part is that you feel as if you can reach out and open them; but you can't. Neither can you change the drawers around to put them back into the correct numerical order, but this just adds to the appeal. The soft tones make it ideal for any room in the home that is crying out for a vintage twist.

Made to order. Ships in 4-5 days

Note: Samples are provided for review of the material, pattern scale and print technique—they are not intended to be used for colour matching purposes. There can be slight shifts in colour between runs, so your wallpaper may vary slightly from sample colouring.

Please ensure that you order the correct amount as we do not guarantee that rolls printed in different batches will be an exact match.
