KEMRA

Whitewashed Timber Wallpaper

This highly realistic shiplap panelling wallpaper is extremely versatile and can be used in a number of different ways, depending on the needs of the space. Its versatility is its strength, adding warmth and rustic character to what might be a more austere modern setting or, conversely, because it has a very clean line, can be used to make a historical setting feel more contemporary. The texture of the wood wallpaper is subtle and warm. It's whitewashed so that some of the grain shows through. In terms of installation, again its versatility is key. Installing your wallpaper as horizontal boards is best to create a space that feels expansive and modern. However, when laid vertically, timber panelling can create the illusion of height.

Non-woven wallpaper advantages

The most user-friendly wallpaper on the market.

Sourced from FSC Certified Forests and printed with water-based ink. Milton & King's wallpapers are of the highest quality, are environmentally friendly, and totally 100% vinyl-free.

Breathable – These high quality wallpapers are breathable, helping them endure mould and mildew conditions. Thus, perfect to decorate bathrooms, kitchens and laundries.

Paste-The-Wall – Made from both natural and non-porous synthetic fibres. These non-woven wallpapers will not absorb moisture from the adhesive. Simply apply the paste directly to the wall. The paper will not expand or contract with no booking time required.

All Milton & King wallpaper rolls are finished precisely to have no overlap. Meaning the panels simply butt up to each other for ease of installation.

Cleanable – Dirt, dust and other marks can be simply cleaned using a damp cloth with soapy water.

Durable – Our designer wallpapers are also hard wearing and tear-resistant. This is a great advantage as the wallpapers will not get torn during installation or removal.

Easy to Remove – Once completely dry, non-woven wallpapers will come off easily. It should come down in full sheets with no need for the dreaded steamer or water. Without causing any damage to the walls upon their removal

Roll Size – 61.5cm wide x 10m long. Our rolls are the equivalent to a US double roll providing 6 square metres per roll.
