SIMCOX DESIGNS

Wild Flowers Fabric

This design celebrates the extraordinary and unique natural beauty of Australia's indigenous flora in 3 different colourways. A beautiful floral fabric celebrating the Australian totems of the Wattle, Banksia, Sturt Desert Pea, Flannel flowers, Proteas and more. The wildflower is symbolic also of a free spirit, an independent thinker, bravely growing wild and free in a world plagued by conformity. Do you suppose she's a Wildflower?, said the Daisy (From Alice's Adventures in Wonderland by Lewis Carroll). A gorgeous furnishings fabric.

SPECIAL NOTES

Our fabric is sold by the vertical metre.

We offer samples for all of our fabrics. Samples are A4 in size (21cm × 29.5cm) to show color and quality. We highly recommend purchasing a sample first to check colors. Please note our samples are pre-cut and intended for color matching purposes, so while they will contain all the colors of the pattern, they may not include full elements of the pattern.

Please note the vertical and horizontal repeats of the various patterns when calculating how many metres you'll need for your project. We recommend overestimating so you don't run out. All Milton & King fabrics are digitally printed on demand and, as a result, color variations may occur from batch to batch. Colors will also vary depending on the selected base cloth so please request a sample for a true representation. Trimming is available on request and at an additional cost.

ADDITIONAL INFO

Fabric Care Instructions
Please view our complete fabric care and stain removal instructions here. This care guide has been compiled to help you select your chosen fabric with confidence and to maintain the feel, comfort and appearance of your fabric throughout its lifetime.

If you have any questions please email or contact us through one of our many touch points. We're more than happy to help!

Waterproof Upholstery
We can manufacture our designs to meet commercial requirements and more. Including Polyester with Waterproof Backing, Soil Release Finish, and Antibacterial & Antimicrobial. Fabrics designed to resist the rigors of high spillage areas. Contact our trade department to discuss the possibilities or schedule a callback with one of our trade representatives at a convenient time for you.
