Botanique Type II Vinyl Wallpaper

Botanique is a timeless floral design that adapts beautifully to its surroundings – soft and romantic in one space, yet rich and dramatic in another. Delicate petals, grand blossoms and curling stems graze each other in a flowing composition that brings both grace and energy to the wall.

Depending on the colorway, Botanique sets an entirely different mood: in pale blush and fern green, it becomes the ideal backdrop for a light-filled hotel suite, lively brunch enclave or elevated dressing room. Rendered in classic blue and white, it exudes refined, formal elegance, perfect for airy hotel lobbies or coastal-inspired interiors. In deeper tones like dark indigo or forest green, the design transforms into something sultry and soulful, perfect for making a sophisticated statement in moody lounges, upscale cocktail bars or intimate restaurant corners.

Whether whimsical or worldly, soft or bold, this versatile design offers a botanical escape tailored to any setting.
