

COMMERCIAL VINYL

Facet Type II Vinyl Wallpaper

Facet is a bold exploration of shape and structure, where geometry meets artistry in a modern tapestry of angles, half shapes and pixel-like fragments. Reminiscent of a deconstructed Tetris grid wrapped in a woven blanket, this design plays with dimension and repetition to create a dynamic, layered surface.

Each colorway is built from tonal variations of a single hue, adding subtle depth and movement that draws the eye across the wall. The composition – part cubist, part digital mosaic – echoes a Picasso-esque sensibility, reimagined for today's urban interiors.

Striking yet versatile, Facet brings energy and sophistication to creative workspaces, hospitality settings and statement walls in commercial environments that embrace modern edge with artistic flair.
