Layered Boho Removable Wallpaper

Made to order. Ships in 3-4 days.

A designer removable wallpaper inspired by the elements typically seen in bohemian style spaces. A melting pot of colour, texture and pattern. Think soft, textured rugs, and textiles on nearly every surface. Jewel and earth tones that wrap you with visual warmth. Vines of green leaves that make you feel like you're in nature. A style that blends into different cultures and different times. Bohemian spaces look lived in. They encourage lingering and lounging. Their design conjures feels of looseness, casualness, effortless. Boho is a style that begs you to go maximalist to the max. But it's also a style that can be a little minimal, and subdued. It can tip its hat to other eras, blend with other styles, or contrast a little, too. However you design to go boho... chances are your space will look and feel relaxing with the addition of this beautiful boho peel and stick wallpaper. Available in 4 stunning colorways, this design is perfect for both residential or commercial spaces.

How to determine the number of wallpaper panels you need

1. Measure your walls – make sure you have an accurate measurement in inches of height and width of the portion of the wall you'll be covering. Sometimes it helps to draw a rough sketch to use while you do your calculations.

2. Determine the number of panels you'll need across your wall. Our removable wallpaper panels are all 24" wide. Once you have the width of your wall in inches, take the width and divide by 24. This will give you the number of tiles that you will need horizontally. Remember to always round up!
