# Marble Wallpaper

We can all agree that marble is nothing new. It was the go to building product for the Ancient Greeks, who built majestic structures that still stand to this day. Inherently elegant and resilient, this luxe marble wallpaper shifts from refined to irresistibly lavish according to its environment. Its distinctive veins and swirls add a textured visual effect that contrasts with its smooth satin finish. Few materials evoke high-end living as simply and effectively as marble; a global symbol of refined taste and sophistication. But it's not all about Caesar's bathroom, by combing marble with other natural materials it's possible to create interiors that are chic, trendy and cool.
