

JACQUELINE COLLEY

# New York City Vinyl Wallpaper

New York City is a fun tongue-and-cheek wallpaper design by [Jacqueline Colley](#). It features a takeover of the Big Apple by elements of its own pop culture. National icons like the Statue of Liberty are mixed with King Kong, Godzilla, and a UFO among the cities skyscrapers. Donuts, pizza, martinis, pretzels and hot dogs are also featured stars in this chaotic scene. It's a playful take on all the things New York is known for.
