Washable with mild soap and water

Made to order; Ships in 3-4 business days

Installation – Please refer to our [detailed guide](#) on how to install our peel & stick wallpaper. Every order also ships with a detailed set of instructions.

How to determine the number of wallpaper panels you need

1. Measure your walls – make sure you have an accurate measurement in inches of height and width of the portion of the wall you'll be covering. Sometimes it helps to draw a rough sketch to use while you do your calculations.

2. Determine the number of panels you'll need across your wall. Our removable wallpaper panels are all 24" wide. Once you have the width of your wall in inches, take the width and divide by 24. This will give you the

number of tiles that you will need horizontally. Remember to always round up!
