Seasons Removable Wallpaper

Made to order. Ships in 3-4 days.

Perhaps our most ambitious and comprehensive homage to the extraordinary beauty and powerfully emotive qualities of the Japanese natural landscape, we present the floral wallpaper, SEASONS. These unique designs celebrate Japan's four seasons – Spring (Haru), Summer (Natsu), Autumn (Aki) and Winter (Fuyu), renowned for their distinct beauty and individuality. Ranging from the kaleidoscope of vivid bloom colours that represent Spring, to the quiet solitude of the monochromatic palette that shapes Winter, our SEASONS designs celebrates the beauty, uniqueness and personality of Japan's natural landscape year-round.

How to determine the number of wallpaper panels you need

1. Measure your walls – make sure you have an accurate measurement in inches of height and width of the portion of the wall you'll be covering. Sometimes it helps to draw a rough sketch to use while you do your calculations.

2. Determine the number of panels you'll need across your wall. Our removable wallpaper panels are all 24" wide. Once you have the width of your wall in inches, take the width and divide by 24. This will give you the number of tiles that you will need horizontally. Remember to always round up!
