Thistle Removable Wallpaper

Made to order. Ships in 3-4 days.

This unique design by SIMCOX features Scotland's national emblem, the Thistle, with a hint of baroque lyricism. A rich and luxurious evocation of the Scottish manor house, regal, sophisticated but still lively. Flavours of plum, heather, and salty sea air. Sensual, romantic and memorable. Grand, yet with the warmth and comfort of a BBC costume drama on a Sunday night. Fascinatingly the thistle is actually part of the sunflower family. Throughout Celtic regions the thistle represents bravery, devotion, durability, strength, and determination. This is European style peel and stick wallpaper that is easily applied, removed and reapplied.

SIMCOX DESIGNS

Simcox collections have been developed using skills from traditional theatrical scenic painting. Combining time-honoured techniques with a contemporary aesthetic and the latest in digital technology.

These designs are built up of multiple layers of hand painted colour and texture scanned in to create digital compositions, often encompassing a series of drops rather than a traditional tiled repeat.

A European sensibility imbued with the Antipodean light brings a fresh take on Australian wallpaper traditions. Subtle but complex backgrounds for contemporary spaces—reflecting and enhancing natural light. Our aim is to achieve depth and beauty and something that is easy to live with.

How to determine the number of wallpaper panels you need

1. Measure your walls – make sure you have an accurate measurement in inches of height and width of the portion of the wall you'll be covering. Sometimes it helps to draw a rough sketch to use while you do your calculations.

2. Determine the number of panels you'll need across your wall. Our removable wallpaper panels are all 24" wide. Once you have the width of your wall in inches, take the width and divide by 24. This will give you the number of tiles that you will need horizontally. Remember to always round up!
