BETHANY LINZ

Tropicana Wallpaper

The Tropicana Wallpaper design is inspired by the tropical birds that started to appear in wallpaper and textiles during the 1700's in France. Like foreign fruit, birds with all new patterns and colors were coming from all around the world inspiring artists and designers alike. Many of these new species were from tropical environments and seemingly exotic to the French socialites. Bethany Linz chose delicate fan palms, ferns and crested parrots. However, she wanted this design to be more modern so she stripped it of color, painting it in all white making for a more elegant and versatile wallpaper design

BETHANY LINZ

Bethany Linz is an Australian artist and textile designer who has launched several collections and individual designs with Milton & King. Aged With Grace is a collection inspired by old hand-painted murals. Hence, they feature how these works of art seem to grow even more beautiful over the years. The aesthetic is tropical yet rustic. Young At Heart is Bethany's first kids collection. The focus here is on educational wallpaper as well as simply playful and cheerful wallpaper. Both of these collections of wallpapers and fabrics concern time. Bethany followed this up with her French Collection, which is inspired by the fascination that French culture experienced as world travel brought exotic food and animals to their attention. Her newest Marbling collection brings an ancient art into the modern era. Shop for Bethany Linz's wallpapers and fabrics and enrich your space. [Read More....](#)
