With Fins Removable Wallpaper

With Fins brings together two of Paula Coop McCrory's great loves – design and the sea. This removable wallpaper is inspired by the serenity of the ocean and the simultaneous sense of adventure it invokes. Adding life to any room, this design captures the color of the sea and the solitude you experience whilst snorkeling. Her love of nature, color and design inspired With Fins, a wonderful removable wallpaper that is clean and easy to install and that removes with ease, leaving no residue on the wall.

To determine whether Removable Wallpaper is the right choice for your project, please ensure you read through our [FAQ's](#) prior to ordering.

How to determine the number of wallpaper panels you need

1. Measure your walls – make sure you have an accurate measurement in inches of height and width of the portion of the wall you'll be covering. Sometimes it helps to draw a rough sketch to use while you do your calculations.

2. Determine the number of panels you'll need across your wall. Our removable wallpaper panels are all 24" wide. Once you have the width of your wall in inches, take the width and divide by 24. This will give you the number of tiles that you will need horizontally. Remember to always round up!
