Bon Vivant Collection

The Bon Vivant Collection is a collaboration with interior designer Diane Bergeron, whose timeless eye and refined aesthetic shape each design. With more than 30 years of experience as an international interior designer and tastemaker, Diane is celebrated for sophisticated interiors, meticulous attention to detail and a style that pays homage to classic American design while always feeling comfortable and lived-in.

Known for her ability to blend heritage influences with modern ease, Diane brings a sense of cultivated glamour to the collection. Every pattern begins as a hand-painted artwork, inspired by classic interiors, luminous colour and traditional craftsmanship, then translated into wallpaper with the nuanced texture and depth of our Decorative Textile finish. The collection features 11 designs, each created to bring warmth, elegance and enduring style to both traditional and modern spaces.

Bon Vivant also reflects Diane's signature joie de vivre and love of gracious living and entertaining. Through her homeware collections and interiors, she offers a fresh, modern perspective on tradition, balancing polish with personality and making every space feel ready to welcome guests.
