Tuscan Landscape Mural

The Tuscan Landscape Mural is inspired by the unique landscape of central Italy. This mural perfectly captures the very heart of nature the Italian countryside possesses, from the beautiful rolling hills, the distinct outlines of the Italian Cypress trees on the horizon and the signature domes of Italian churches rising above faraway villages. Finished with refined gold or silver metallic detailing, the design adds subtle depth and light, inviting you to settle into your favourite armchair with a glass of wine and a good book and immerse yourself in the comforting tranquillity of Tuscany.
